

PG Diploma in Hospitality Management from Humber College

Having my roots attached from a country known for its hospitality, generosity and humbleness were innate to me. In today's time, the hospitality and tourism industry is regarded to be the most flourishing sectors that immediately contribute to the country's economy. This has led to a major increase in life changing career opportunities in this field. This, when combined with my passion and love for hospitality, has pursued me to establish a career in the hospitality industry. Therefore, I have decided to pursue a post-graduate diploma in Hospitality Management from Humber College Canada.

Upon completing a Bachelor of Commerce degree from Hansraj College Delhi University 2018, I went on to learn French. I have completed the course up to the level B1 which makes me a proficient speaker as well as writer of the French language. My constant participation in group projects during school and colleges have helped me to have a better control over my tolerance as a team member and leader. Completing my French language course, I became a part of the esteemed Oberoi Group by working as an intern in the reservations. through the course of my internship, I realised how I possess a knack for tackling new situations every day that is something common in the hospitality industry. Owing to this realisation I was eager towards pursuing a full-time career in this field.

As I am looking forward to kick starting my studies in Hospitality Management, I believe that I have the right gear required to excel at this program academically and professionally. By learning through this program, I hope to enhance my knowledge of the field at Game insights about leadership and organisational skills. I am keen to pursue my education as well as a career in Canada. I am really grateful to you for taking out time and reviewing my application.
